EXPERIENCE

PHP Laravel Developer
Edtech Innovate Pvt. Ltd.   **January 2024 - Present, Noida, UP**

- **Enhanced and maintained a large-scale ERP system** for a university, managing over 20,000 student records, course registrations, and fee payments, improving operational efficiency for staff and students alike.
- **Upgraded the ERP system**, improving **data accuracy by 40%** and streamlining the student enrollment process. Automated notifications reduced manual tasks, **increasing administrative efficiency** by 30%.
- **Integrated a secure payment processing API**, resulting in a **10% reduction in payment failures**, improving the payment experience for students.

PHP Developer
Blue Digital Media Pvt. Ltd.   **August 2022 - January 2024, Noida, UP**

- **Mobiad Corporation**: Developed frontend and backend for an e-commerce platform, managing product stock, orders, and statuses for products. Created a custom CMS in Core PHP for admin operations, improving order processing efficiency by 30%.
- **IITD Abu Dhabi**: Built a dynamic website with a custom CMS and lead management system, enhancing user engagement and streamlining institutional operations.
- **Vishwroop**: Developed backend for an exam portal, supporting thousands of users, with dynamic forms for question creation, automated result generation, and certificate creation, reducing manual processing time by 40%.

PROJECT

University ERP System
Edtech Innovate Pvt. Ltd. • voc.gku.ac.in/ • January 2024 - Present

- **Glocal University ERP:** Designed multi-role user login systems and assigned department-specific fees for courses. Developed student enrollment modules, automated fee management, and integrated payment gateways (Easebuzz) for seamless transactions.
- Created and implemented wallet systems for center/sub-center fee management in online and offline modes.
- Developed modules for e-book uploads, subject content, assignments, admit cards, and results. Built a robust Learning Management System (LMS) for students.
- **Skill App Development:** Designed and integrated REST APIs using Laravel and implemented secure payment gateways for course purchases.
- Contributed to ERP system development for institutions such as **Jamia University** and **Guru Kashi University**, focusing on admissions, fee management, and academic modules.
